TO WHOM IT MAY CONCERN

This letter serves to confirm that Hesscon Occupational Health and Safety Consultants is a paid-up business member of the Durban Chamber of Commerce and Industry.

They have taken an active interest in participating in specialist business forums for example the SMME Forum and the Environmental Forum.

With regard to occupational health and safety they have conducted workshops for safety induction, first aid and safety representative functions which were well received by the delegates who attended. These workshops were conducted in partnership with the DCCI for the benefit of the general Chamber membership.

In addition the Chamber intends calling on the expertise of Hesscon to assist with the finalization of a safety file and the conducting of an external safety audit.

We would recommend the services of Hesscon.

Yours faithfully
