Purpose:

This course is designed to train learners to work safely when using portable ladders to avoid falling and getting injured. It is designed to promote safe work practices based on the requirements of the Portable and Fixed Ladder Standards.

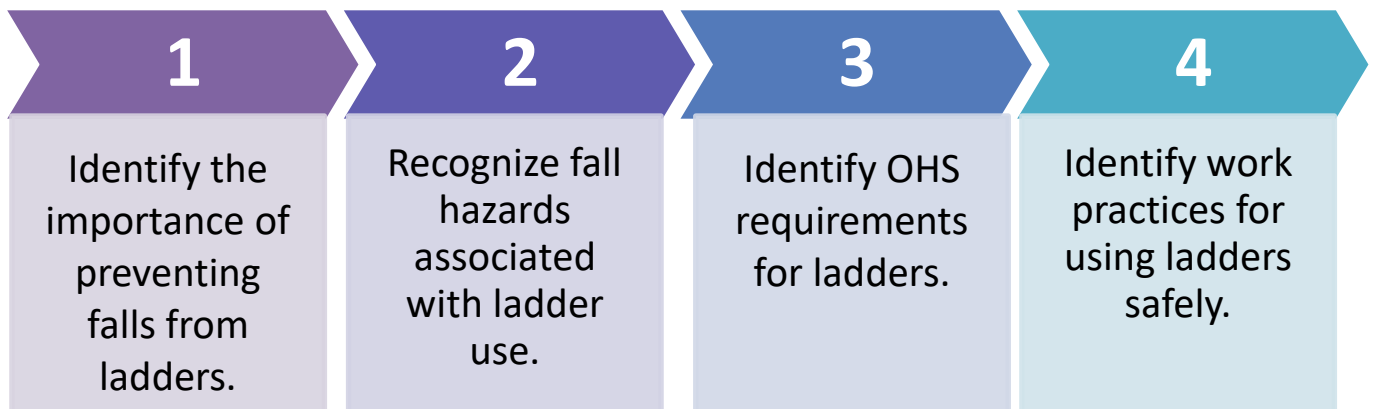

Entry Requirements:

The candidate should be able to communicate and be functionally literate in English.

Intended Audience:

This course is designed for any persons who in the course of their normal duties would be needed to work safely where the job scope, description and profile included use of ladders and ladder safety as part of their daily tasks or the overseeing of staff that undertake this high-risk work or activity across all business categories.

Learning Outcomes:

Method of Delivery: Learning of this module can be face to face or online.

Course Duration: ½ day (3 - 4 Hours)

Certificate: Issued once learner has completed the course.
