Purpose:

The Safe Stacking and Storage course provides learners with the knowledge of how to deal with Safe Stacking and Storage on site, as well as the Specific Requirements, Policies and Procedures that need to be in place in the workplace, and what is expected by Legislation.

Entry Requirements:

The candidate should be able to communicate and be functionally literate in English.

Intended Audience:

This course is designed for any persons who in the course of their normal duties would be needed to work safely where the job scope, description and profile included stacking and storage as part of their daily tasks or the overseeing of staff that undertake this high-risk work or activity across all business categories.

Learning Outcomes:

Method of Delivery: Learning of this module can be face to face or online.

Course Duration: ½ day (3 - 4 Hours)

Certificate: Issued once learner has completed the course.
